

Mr. Jaffe,  
I am 100% behind the petition to ban the forced molting of layer hens. In an ideal world, hens would not even be forced to lay eggs day and night, painfully, for an uncaring, self appointed "dominate race." But obviously, that is not the case, and we caring, humane people have to live with that. So I'm asking you to PLEASE at least show a little mercy and compassion and help put an end to the forced molting of these poor little hens. PLEASE. Think about it.
